ABOUT DAI

A speaker for leaders who are carrying a lot.

Dai Manuel is a Vancouver-based keynote speaker, executive coach, fitness business consultant and author of The Whole Life Fitness Manifesto. He runs MERGE Fitness and co-owns CrossFit BC with his wife, Christie. Over thirty years in fitness and business, Dai has coached real people, led teams, carried payroll and helped founders navigate the work that does not fit neatly into a presentation. His talks combine those lived lessons with practical ideas on resilience, leadership, men's mental health and sustainable change. He is a TEDx speaker, Distinguished Toastmaster and host of The 2% Solution podcast.

Pronouncing it? Dai rhymes with "dye", one syllable.

NEW FOR 2026

The 2% Leader: Fuel the Driver

Fuel the Driver. Your team can only go as far as the person driving it. Most leaders in care-based work are brilliant at looking after everyone else and last on their own list. That cost doesn't stay private. Research shows a leader's mood spreads through a team, and a rough night of sleep for the boss shows up in the team's engagement the next day. The 2% Leader gives leaders a 30-minute daily rhythm, about 2% of the day, and a handful of simple team rituals that turn one person's habit into how the whole team works.

For leaders of teams that look after other people. A 30-minute daily rhythm, four simple team rituals and a take-home Team Kit. Premiered at LUX Talks 2026.

BEST FOR

Leadership teams, health and care organisations, managers' conferences and wellness weeks. Works as a keynote or a hands-on workshop.
